

Teaching Music in American Society: A Social and Cultural Understanding of Music Education

Teaching Music in American Society is a comprehensive textbook designed for students who seek to be certified in music education to teach K-12 music in American public and private schools. It covers the issues facing music education, including the functional role of music within school environments and community settings, the role and function of a music teacher within the music profession and the general education profession, the role of music within the overall school curriculum, and the school music program and local, state, and national issues/policies.
