

A Short History of English Music (Classic Reprint)

Excerpt from A Short History of English Music This book is not, in any sense, technical. It is an attempt to give a simple and rational, though in a volume of this size, necessarily incomplete, account of events that have led to the complex state of music existing in England at the present time. Should it offer nothing to the musician or historian, I hope it will be found of interest to the general reader. The desire to make each chapter as complete, on the subject with which it deals, as space would permit, has necessitated a certain amount of repetition, but I trust that the object will condone the fault. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
