

The Chronology of Pattern: Pattern in Art from Lotus Flower to Flower Power. by Diana Newall, Christina Unwin

The Chronology of Pattern is a glorious, highly illustrated look at the history of pattern from ancient times up to the present. The book draws the patterns from the worlds of textiles, paintings, manuscripts and architecture. The book is divided into chapters each covering separate centuries. The result is not only a visual delight but an excellent sourcebook that will be useful for all artists who use patterns in their work. This book should be a must on the reference shelves of all those working in the visual arts.
