

## The Curse Keepers (Curse Keepers Series, Book 1)

The wall between our world and that of vengeful spirits has protected humanity for more than 400 years. Its about to come crashing down. Ellie Lancaster has lived her whole life by the site of the mysterious Lost Colony of Roanoke, the North Carolina settlement that vanished without a trace around 1590. Only the descendants of the two men who banished the spirits of an enemy tribe from the material realm know what really happened to the colony. Ellie is one of those descendants a Curse Keeper. Her father took pains to teach her what he knew of the curse and the responsibilities of its guardians. He taught her that if the two Curse Keepers ever meet, the curse will be lifted, the gate will open, and the raging Native American spirits will be unleashed to seek their revenge. Despite her fathers seriousness, Ellie has always taken the legend for a harmless fairy tale. Until she meets the darkly handsome, but downright infuriating, Collin Dailey and realizes everything she was told is true. For when they meet, its like the air is sucked from the room. Collins presence is electrifying and its not just attraction Ellie feels, but the inexorable pull toward her destiny. The prophecy is real, and now Ellie and Collin must battle supernatural forces and their loathing and passion for each other to set things right. The Curse Keepers are all that stand between the world and its destruction.
