The Gikkie Bokkers Book Two The Aoes Shee by Jason Conway is a deeply moody and action filled voyage into the lands of the Gikkie Bokkers and their allies. It takes you into a magical series of realms that are unwittingly under attack, from a vile master plan from the rogue Banshee queen Morgannis. With Hugo and his friends expecting a short holiday - to recover from averting potential war between the realm of the Gikkie Bokkers and the outside world the shunned Banshee Queen Morgannis - a hidden plan to attack both worlds on multiple fronts is exposed. Split up and confounded at every turn, King Vrool and his Queen Shard seek out the massive beast known as the Spungle. They endeavour to help him reclaim his true self and become their ally once more. Meanwhile, Hugo embarks on a mission with Vrools sons to investigate a series of vast earth tremors along the entrance to the Gikkie Bokker home world. With a strange new race lurking along his borders the Aoes Shee King sends the Gikkie Bokker younglings into exile but unwittingly exposes them to further danger, while Hugo and the kings sons are ambushed at the portal entrance. Can Hugo survive the ambush and re-join the Kings forces and rescue the youngling Gikkie Bokkers? And can Vrool and Shard tame the limitless rage of the mighty Spungle beast and face down the Morgannis and her allies? Book two delves deeper into the history of this unique realm and reveals a dark secret into young Fluke Flukes past.
