

## The Mandrake Trilogy: Book Two SilverCord

In book one, Syndrome, Harry Mandrake was a rat, liar, cheat, drunk, waster, moron and loser, according to American astronaut, Rose Hawkins, Harry's lover. Harry, for convenience sake and to save his neck from bookmakers henchman, Radcliff, ditched his lofty post as lecturer at Edinburgh University on PXL (Possibilities of Extraterrestrial Life) and crossed the Pond to take on America and the Carnegie Space Agency and the odd Alien or two. (Oh, yes, add murderer to Harry's list). Book two, SilverCord: Two years on: To reiterate Harry is still a rat, liar, cheat, drunk, waster, moron, loser, murderer, and now werewolf? Whatever next? Ill tell you: Bilocation, remote-viewing and well, I wont spoil it
