

The Wayfarer

The Wayfarer is about a Soul Quest. In the case of the Wayfarer, it is the Quest of the Mystic Warrior. It is an adventure-an adventure through lands no one has explored because they exist only as needed for the Soul Quest. Each of us, in this life, is on a Soul Quest, whether we know it or not-and there are many different paths. Some paths are internal, some external, some are easy, some exquisitely difficult. There are those whose path takes them to help the needy, those who give comfort to the sick, those who protect children and animals, there is the silent path of prayer and meditation, the active, onerous path of initiation, and then the treacherous path of the Mystic Warrior, the one who insures that all else is done. The path of the Mystic Warrior is not an easy path, and there are many pitfalls and snares along the way, yet it is not a path of violence and retribution-it is a path of Love, for without Love, how will all else be done? This novel, The Wayfarer, is about a man, a writer, who is reluctantly drawn along the path for his Soul Quest. He is urged along until, within himself, he finds that taking on this quest was his own decision in the first place. Yet the trials and tribulations are not over-they have hardly just begun, for he has become the Wayfarer, and will prove himself as a Mystic Warrior. Through his eyes we watch as he becomes that rare one through whom all else will be done-the one through whom the greater light will shine.
