

## Trio: A Three Book Series Featuring: The Blueprint, The Wave & Colonial

Trio is a three- book series featuring full text from the novels, The Blueprint, The Wave and Colonial. The Blueprint is a mainstream tale about the end of the world and the coming of a new one. A group of individuals strive to survive one of the worlds biggest catastrophic natural disasters known to man but the true challenge isnt depicted in ones ability to scathe death from the environmental forces that be; the human race battles surpassing becoming natural disasters within themselves. The Blueprint unfolds when Allen, a descendant of one of the journals authors discovers a family heirloom journal. In the year of 2058, Allen seeks out the journal solely to discard it into her high schools time capsule vault. When Allen takes one mere glimpse inside of the ancient relic, its contents unveil a scandalous family secret dating back to the 1800s. With this unsettling discovery, this seniors initial plan to discard the book is diverted. In the second text The Wave, God has offered civilization an ultimatum. The nation has been given an unknown segment of time to improve, strengthen morale and right the wrongs, which have been dispersed upon the entire population. The third installation Colonial unveils what lies before the nation if it is actually spared and the fate of civilization. Travel along side the road mapped out by Trio to discover what affect the present will have on annihilating the planet bringing the world to its end, as we know it.
