

## Under The Elven Sky (Fengysha Series Book 1)

To be a War Mage is to pursue freedom. To be free is to be. To be any other way is contrary to how you should be. Fengysha normally boasts two types of magic; guild magic and free magic. But there is a third type in times of dire need the war magic emerges. Wolflen Darkmoon, an Izenian man still in his late teens is called upon to serve the war magic. In a quest of self-discovery he must travel to Elven lands to begin the path of his destiny. War Mages have long been absent from the world of Fengysha, and for centuries, relative peace has existed. Now he must travel to Elven lands in search for answers. Along the way he is joined by his closest friend Ayvock, and together they they begin the quest of discovery to learn more about what he is called to be. Along the way he finds love, adventure, and peril as he struggles to become the first Izenian War Mage, and he does so Under The Elven Sky in the city of Peludeen. Ultimately, he must face the evils of his time, and overcome them with the help of his allies. But will he accomplish that which he sets out for, or will he find more peril than good under the Elven sky?
