

Hal Leonard 50 Petits Solfeiges for Voice and Piano (Book and CD)

Texts in Italian and English. This collection of a part of Tosti's solfeggi should be doubly welcome to modern musicians. From the didactic point of view it could significantly expand the horizons of singing practice, and at the same time this same material should make a valuable contribution to the study of Tosti's complex artistic personality. 2 CDs of piano accompaniments are included.
