

# External Review of the National Health Sector Response to HIV and Sexually Transmitted Infections 2014: The Lao Peoples Democratic Republic

This external review of the health sector response to HIV in the Lao Peoples Democratic Republic was held from 28 July to 8 August 2014. The review was requested by the Ministry of Health (MoH) and supported by the World Health Organization (WHO). It was designed to build on the extensive 2012 external review of the health sector response to HIV in Lao Peoples Democratic Republic, and was preceded in early July 2014 by a review of the epidemiological status, trends and impact of the HIV epidemics in the country.
