

Yoetna

The light of Endera has faded, swallowed by the ambitions of dark-hearted men. Five hundred years of ruthless dictatorship and forced servitude have marked the pages of recent history, and cries have gone unanswered. The last remaining hope of mankind has been captured and enslaved. Although unable to completely destroy the light, Harbingrey, the darkest of kings and a pawn to an evil far greater than himself, seeks to bring all mankind under the crushing weight of his rule. But hope has not been silent. An ancient prophecy whispers about the rise of Yoetna, a fabled power that will destroy darkness. As Harbingrey moves to destroy this prophecy, a small flame is ignited in the heart of his unlikely servant, Nud. Nud becomes over-whelmed by visions that invoke feelings he has never known: strength and hope. As Nud begins to uncover the truth, Harbingreys ambition to silence the prophecy leads him ever closer to discovering his servants true identity. Teetering on a revelation that will shift the course of human events, Nud finds himself challenged to follow the voice of his own spirit. He must choose to step into the light, into the view of Harbingreys wrath. Yoetna waits to be released.
